SUMMARY

Auburn University senior majoring in Computer Science. Passionate about software development, with a heavy focus on web development in the .NET ecosystem. Familiar with back-end (SSMS), middleware (C#, .NET), and front-end (HTML, CSS, JavaScript, jQuery) tools.

WORK EXPERIENCE

Web Developer, *Campus Web Solutions* Auburn, AL (August 2022 – December 2022)

Third semester co-op at a web development company specializing in developing robust web applications for Auburn University

- Utilized web development tools such as HTML, CSS, Bootstrap, JavaScript, jQuery, C#, SSMS, and the .NET ecosystem
- Designed and developed the VP of Research's home page redesign
- Developed the AU College of Nursing's dynamic [Research](#) page, worked on the AU Board of Trustee's Application.
- Mentored Campus Web Solutions' first and second semester students, giving aid and advice.
- Served as part of the company's hiring committee for new co-ops.

Web Developer, *Campus Web Solutions* Auburn, AL (May 2021 – August 2021), (January 2022 – May 2022)

First and second semester co-ops at a web development company specializing in developing robust web applications for Auburn University

- Utilized web development tools such as HTML, CSS, Bootstrap, JavaScript, jQuery, C#, SSMS, and the .NET ecosystem
- Worked heavily on Auburn University's Event Ticketing application, AU's strategy for tracking event tickets' audit trails.
- Worked on updating existing CWS projects, such as Big Event, Pharmacy Scheduler, Healthy Tigers, RSVP.

Cashier and Bagger, *Publix* Auburn, AL (Jun 2018 – Oct 2020)

Maintained robust customer-business relations by creating lasting relationships with customers, ensuring repeat and loyal clients.

SOFTWARE PROJECTS

Office of the Vice President of Research ([link](#))

- A new dynamic, responsive page that allows admin to easily update the OVPR home page with new content at any time.

Pharmacy Scheduler ([link](#)) and Healthy Tigers

- Auburn University's vaccine scheduler and appointment manager.

Improvements/Fixes to Other Web and Mobile Applications
